Schools Open House All Next Week

Local schools will hold open house all of next week, in observance of the twenty-first annual commemoration of Public Schools Week in California, April 22-26.

Among other organizations, the California Congress of Parents and Teachers and the California departmnt eof the American Legion and of the Order of Masons have pledged their full cooperation to the week's observance.

"Few realize the magnitude of the capital investment and annual cost of maintenance of the public school system of the United States," said William B. Ogden, grand master of Masons in California, in a public statement today.

"Its magnitude far exceeds any single commercial enterprise in the world," continued Ogden. "As citizens our interest in this biggest business of the nation should be as keen as our interest in any other enterprise in which we may be stockholders."

Declaring that the "public schools are the peoples' schools" and that "teachers are the instruments of the people to make the

Marking, as it does, the first new "Scandals" to reach the footlights since 1935, Producer White has aimed to make it the most pretentious in point of costumes and scenic investitures in the entire famous series that has preceded it, and this big revue comes here fresh and unimpaired from New York and Chicago sell outs, with the entire line-up of stars and chorus beauty intact.

The words and music are the handiwork respectively of Jack Yellen and Sammy Fain. LETTER OF THANKS

Mr. Albert H. Boynton,
Editor and Publisher,
The Daly City Record,
3317 San Jose Avenue,
Daly City, California.
Dear Mr. Boynton,

As you and the people of Daly City will, I am sure, readily realize, it is nigh to impossible to personally see and thank each and every person who supported my candidacy for City Councilman of Daly City.

May I, therefore, take advantage of the opportunity you have so graciously extended me, to thank the people of Daly City from the bottom of my heart, for the splendid vote they accorded Edmund Cavagnaro and myself. I sincerely appreciate the peoples' confidence and assure them that they shall never have cause to regret April 9, 1940.

Not only was the result of the election a source of gratification to me, but also the manner in which the entire campaign was conducted. Our most recent Municipal Election was probably our quietest, and, I think, our best. No harsh words were uttered on either side—words which would have been better left unsaid—no animosities were created. Good fellowship prevailed throughout the campaign.

It is my desire that this same good fellowship continue, and I honestly believe that it will. I look forward with expectation to a most successful term of office. There are many things to be done and I promise the people of Daly City to bend my every effort to accomplish them.

With sincere thanks and appreciation, I am,

Yours very truly,
JOHN J. FAHEY

LETTER OF THANKS

To The People of Daly City:

I am taking this means of thanking each and every one of you for the splendid support you gave me on last Tuesday, and I wish to assure you that I shall endeavor, as I have tried in the past to discharge the duties and obligations of this office faithfully and efficiently.

I wish, in particular, to express my sincerest appreciation to those who so generously gave of their time and energy during the campaign. It was their support and efforts that made the result possible.

Their number makes it impossible for me to name them in this letter, but I want each and every one who aided my cause to know that I am not forgetful of their loyalty, and that I will need their continued support and cooperation during the coming four years.

During the past four years as a member of the City Council, I have made every effort to truly represent the ideas of the people themselves, thereby resting the government of the community in their own hands.

In closing I wish to again thank the people for their confidence in me and assure them that I shall never knowingly betray that confidence.

Sincerely,

Beginnings of Kindergarten

Maria Montessori, the Italian educator, studied at the University of Rome and graduated in medicine in 1894, being the first woman in Italy to do so. She then took up the subject of educating defective children. From the experience thus acquired, she came to the conclusion that similar methods might be applied to normal children of a lower age, and after a series of experiments on a small scale she extended them to a large number of children in private and public nursery schools in Rome. Her ideas on education have been set forth in several books which have been widely translated.

Troop Committee To Attend Classes

Frank Coughlin, scoutmaster of Boy Scout Troop No. 101, announced today that the Baden Powell school of scouting will be conducted next week at the Everett junior high school in San Francisco.

Several new classes have been introduced into the five-year plan of instruction for scoutmasters, necessitating a spring class this year, Coughlin said.

Joe Rogers, Tom Tallon and Charles Gleisner of the troop committee for 101, and Mr. O'Ryan of the cub committee, will attend the classes with Scoutmaster Coughlin.

Chemical Energy Relationships

Today chemists without having to conduct a single experiment can frequently calculate whether a certain product can be produced from new and untried raw materials, the American Chemical society reports. Energy relationships are studied to learn whether or not an untried reaction will liberate free energy. Energy has a natural definite tendency to scatter, and this tendency provides the driving force of chemical reactions.

Brady, head of the 38,000 teachers who are members of the California Teachers association, is chief deputy superintendent of schools of San Francisco.

His statement continued:

"Public Schools Week annually offers asplendid medium for enabling the people to make an intelligent appraisal of what is going on in their schools.

"Teachers, as servants of the people, invite criticism of either the content or the methods employed in the schools. Public Schools Week is a time when this opportunity is particularly offered."

the past fifteen years and has built up a large practice here.

Dr. J. C. McGovern, who opened his first dental office in Daly City more than twenty-five years ago, will also take offices in the new building. Dr. McGovern is widely-known for his work in the field of dental education. He opened the first dental clinic in the state of California for school children at South San Francisco in 1910.

Indicative of the importance of dental health is the fact that while every other school in the county was forced to close its doors during the severe diphtheria epidemic which swept this district a few years ago, South San Francisco schools remained open. Reports show that since its founding, more than 46,000 children have been treated at the clinic.

Dr. Edward P. Genochio, well-known San Francisco physician and surgeon will also take offices in the new building. Dr. Genochio at present takes care of his large practice through offices at 2571 Mission street and 870 Market street.

Completing the staff will be Dr. Ivan T. Budaeff ,local physician and surgeon, whose present offices are at 6322 Mission street. Dr. Budaeff has many friends and patients in this community. His office will be furnished with the latest medical aids, including X-ray equipment and short-wave therapy machines.

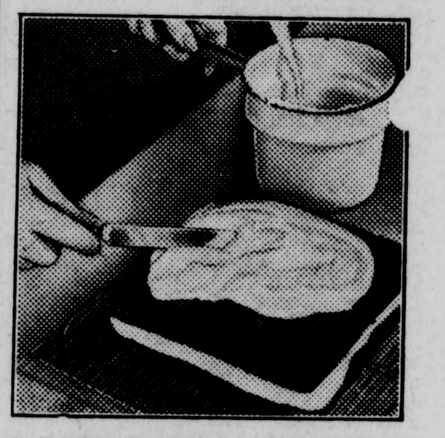
CHOCOLATE Devil's Food Cake — *Oh Boy!*

Dorothy Greig

THE male of the species has a quite unabashed liking for rich chocolate devil's food cake with lots of icing. We don't know whether it's the chocolate flavor, the icing, the fact that it's cake, or maybe the happy combination of all three.



A Devil's Food Cake that requires no sour milk.

But young or old, men go for it. So as a kindly deed in a troubled world let's serve this particular type of cake often. It's a grand and glorious finish to a meal, and one that sends everyone on their way in a happy frame of mind:

2 cups sifted cake flour
½ teaspoon baking soda
1 teaspoon baking powder
½ cup shortening (one-half butter)
1½ cups sugar
3 eggs, separated
2 squares chocolate, melted
1 can condensed tomato soup

Sift the cake flour, then measure. Add the baking soda and baking powder. Then sift again. Cream the shortening and add the sugar gradually, beating until fluffy. Then add the well-beaten egg yolks and the melted chocolate. Add the flour mixture alternately with the tomato soup, stirring after each addition. Fold in the stiffly beaten egg whites. Turn into buttered cake pans (about 9 inches square) and bake in a moderate (350° F.) oven about 25 minutes. Makes one 2-layer cake.

Put layers together and cover top with a Seven Minute Icing.

PUBLIC LIKES HORSEPOWER OF DE SOTO

"One of the most important improvements in the De Soto this year," reports James E. Donohue, Daly City De Soto-Plymouth dealer, "is the increase in power output of the L-head engine to 100-horsepower with the standard cylinder head, and 105 with the special high-compression aluminum head.

Because this stepped up horsepower has been accomplished without increasing engine weight," Donahue added, "the 1940 models have proved to be faster in getaway, quicker in pickup through all speed ranges, and supplied with considerably more reserve power for emergencies. We are receiving many enthusiastic comments from new 1940 owners about these improvements.

"Of perhaps the greatest interest to the average purchaser, however," Donahue went on, "is the De Soto's ability to give satisfactory performance and stay out of the repair shop.

"New to our line this year," Donahue concluded, "is the convertible coupe in the custom sedan series with a top which folds up or down by power supplied from the engine. The driver needs only to turn a control lever on the instrument panel to start the top mechanism operating."

World's Greatest Housekeeper

Jeff Frosh-Soph Baseball Team Wins First Game

Jefferson's Frosh-Soph baseball won their first PAL game, Friday, when they beat Sequoia's Soph-Frosh, 5-4, on the Jefferson diamond.

With a new infield line-up, the Papooses rallied twice to come from behind with a win. Coach Sirvain's boys play a hard game of ball, and when they learn to follow orders better, they will prove a definite threat in the league.

McKinnon, Jeff pitcher, allowed seven hits, Sequoia's Johnson ten. Jeff's left-fielder, Fazzio, was put out of the game in the fourth, when hit in the stomach by a foul while waiting his turn at bat.

Sequoia's second - baseman, Murray, and left-fielder, Genocchio, collided while running for a fly. Both boys were knocked out. Rushed to the emergency hospital, Murray was treated for a fractured jaw and Genocchio for a broken nose.

Line-up for the Papooses follows:

TWIN PEAKS HANDICAP SATURDAY

California 3-year-old supremacy is expected to be definitely settled at Tanforan Saturday when ten of the finest colts and fillies in the West will match strides in the $2,500 added Twin Peaks Handicap at one mile and seventy yards. The list of nominees bristles with class, bringing out, among others, Sweepida, Royal Crusader and Weigh Anchor—the first three to cross the wire in the $50,000 Santa Anita Derby.

W. B. Simpson's Weigh Anchor, victorious in the recent Golden State Derby here, may be a slight favorite in the Twin Peaks Saturday. He's one of the brightest developments of Spring racing and failure of his connections to nominate him for the Kentucky Derby might have been a costly oversight.

The complete list of nominations follows:

Horse	Owner
Sweepida	H. C. Hill
Royal Crusader	R. C. Stable
Weigh Anchor	W. B. Simpson
Exarch	Mrs. W. C. Stroube
Hard Lu	Stroube & Collins
Sir Gregory	L. B. Mayer
Tactician	Mrs. Harry Curland
Wisbech	Mrs. Hurst Philpot
Bachelor Tom	Mrs. Helen Kron

Jockey Douglas Dodson was engaged today to ride Tactician in the stakes Saturday, but no other assignments have been announced yet. Tactician, definitely an improving colt, worked an easy seven-eighths in 1:29 2-5. Other trials were merely short "blowouts," preparatory to longer workouts.

Eight Ounce Gloves

Coach Teams For Ice Polo Game

Rival teams are being coached this week for a midnight game of ice polo to be played during the Winterland Skate club's midnight ice party at Winterland, Saturday, April 27.

The ice polo game, a less hazardous version of hockey, is but one unit of a program for the party, it was announced. The affair will be open to the public.

Members of the Winterland Skate club held their annual meeting last Sunday, made plans for the party, heard reports of their last season's activities and elected new officers. John Clift, a member since the group was formed, became president by acclamation.

George Zaro, outgoing president, is in charge of arrangements of rthe April 27 midnight ice carnival.

Table Tennis Team Loses In Close Game

Playing without the educated wrist of their absent No. 2 man, Daly City table tennis team went down in a close game to the Murio club, with a 7-5 match score, Friday in San Francisco.

Only double win of the evening was by Team Captain Joe Madison, who downed Murio's Burns and Kracke in two straight games. Howard Peterson, who rated sixth a few weeks ago, and has steadily climbed in his rating, won from Burns and lost from the opponent's No. 1 man, Davis.

Friday's wins were Kocher vs. McKenzie, 21-16, 21-15; Peterson vs. Burns, 21-15, 18-21, 21-17; Gustafson vs. Kracke, 18-21, 21-12, 21-18; Madison vs. Burns, 23-21, 21-19; Madison vs. Kracke, 21-13, 21-12.

Games lost by Daly City were Kocher vs. Davis, 21-17, 21-7; Gustafson vs. Carter, 21-19, 24-22; Harper vs. Harrison, 21-17, 22-20; Selmi vs. Harrison, 21-9, 21-18; Kocher vs. Carter, 21-16, 21-9; Peterson vs. Davis, 21-11, 21-15; Reposa vs. McKenzie, 22-20, 21-16.

Daly City plays a return match with New Mission at the Mission Recreation Center, Friday evening, when a women's exhibition match is scheduled. There is no admission charge.

Jefferson Varsity Loses League Game To Mateans

Jefferson's varsity baseball team lost to San Mateo high school in their second PAL league game, Friday, at San Mateo with a 4-1 score.

The two evenly-matched teams battled to break a 1-1 tie until the sixth inning when the Mateans came through wtih a couple of hits, which developed into runs.

No team ever worked harder o rmore desperately than did the league favorites in winning the game against the Indians. Jeff's only run was brought in by Razzari, who got to second on an error and was bunted in by Leekoff and Percival.

Herb Poddig pitched the entire game, allowing only four hits. Jefferson got four hits from the Matean pitcher.

Sensation of the game was Roy Giusti, playing left field, who made two spectacular catches that should have been hits for San Mateo. Leekoff on first played his usual brilliant game, despite a stiff hand. Stephens was also handicapped with a slight limp from a twstied ankle of a week ago.

Jefferson's game with San Mateo was a crucial game, for it decided to some extent the Indians' future standing in the PAL. Regardless of the 4-1 score, Jeff's chances are still A-1. Jefferson's next league game is with South City high, Friday, at South San Francisco.

Line-up of the Indians in last Friday's game follows:

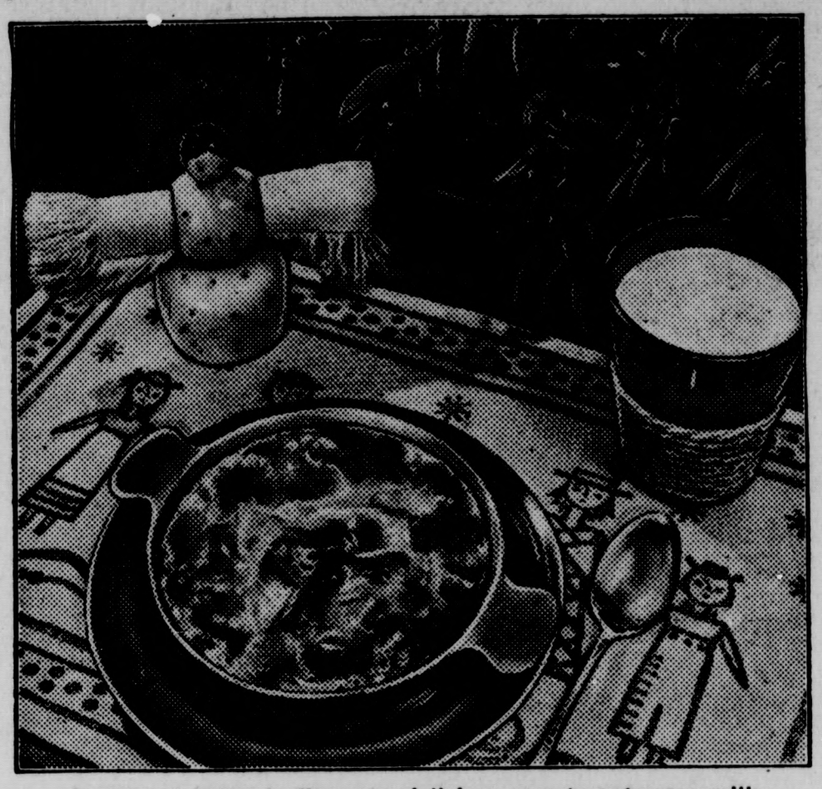
WHEN we were small, life was simpler for parents. On the milk drinking question, for instance, mother's firm voice just announced "drink your milk without any more nonsense, please". And we did. Nowadays, a child is oh, so gently maneuvered into doing what he should. It's a great life for the little dears!



Asparagus custard offers one delicious way to get more milk into a child's diet.

However, it is fairly easy to get more milk into a child—with pleasure to all concerned. A child need not drink it all. He can eat some of it.

For example, an equal quantity of milk added to condensed pea soup, asparagus, celery or tomato soup is a highly nourishing and delicious main dish for luncheon, or a first course for supper.

Creamy puddings, milk custards, creamed vegetables, ice cream are also well liked eatables that do their bit to add milk to a meal.

This baked custard is a dish you should know about. It tastes good and is no trouble to make. It includes milk, of course. And in addition you can also serve a glass of milk with it for lunch.

Asparagus Custard

1 can condensed asparagus soup
1 can milk (using soup can as measure)
3 eggs

Stir the milk into the condensed asparagus soup. Then add the eggs, slightly beaten. Pour into a casserole or custard cups and bake in moderately slow oven (325-350 degrees F) until the custard is set.

Test for custard—insert a silver knife in the center of the custard and if it comes out clean the custard is cooked.

And here's another delicious luncheon dish with milk. Incidentally, it's a grand use for left-over vegetables:

Casserole of Vegetables and Cereal with Celery Sauce

1 can condensed celery soup
1 cup milk
2 cups cooked potatoes (diced)
1½ cups cooked carrots (diced)
1 cup cooked green peas
1½ cups flaked cereal (cornflakes or similar)
2 teaspoons butter

Mix the celery soup and milk. Then add the cooked vegetables. Pour half the "vegetables in celery sauce" in a buttered casserole, then put in a layer of cornflakes. Add the remaining vegetables and sauce. Top off with the cornflakes and dot with butter. Heat in a moderate (350°) oven for 40 minutes. Serves 6.

Mahogany Native to U. S.

Mahogany is native to the United States. It is found though only in small quantities in southern Florida on the mainland and on the larger of the keys. It is the same species of mahogany that grows in the West Indies, where it is known principally as Santo Domingo or Cuban mahogany. An avenue in Miami is lined for many blocks with mahogany trees. The average person might easily mistake them for ash trees due to the similarity of the leaves. "Mountain mahogany" is a large shrub or small tree found in the western states. It is not a mahogany but a member of the rose family. The wood is very close grained and of a rich red color. The trees are small and the wood has not the stability of mahogany.

Complete Census For S. M. County

Completion of the census in cities and towns of San Mateo county was announced today by H. C. Sutherland, district census supervisor. Population figures will be announced within the next thirty days.

Sutherland said that only one person in the county had refused to answer the census questions, and that in practically all cases those questioned had been "extremely co-operative."

In the rural areas the census taking deadline is April 30.
